NEW EDITION highlights artworks by a new generation of artists namely Asmida Ariffin, Faizal Wahab, Luqman Yusry, Rico Leong, Syahn Anuar and Iwadh S. who hailed from different backgrounds with progressive yet contrasting mindsets in visual literacy. The mixed and many derivations of printmaking techniques that are showcased in this exhibition are intended to purport the growth of the artists' multitudes in skill sets as well as to maintain the notion of printmaking techniques that have always varied in practice.
